SKILLS

HARD SKILLS

Python, Java, C#
HTML, CSS, JavaScript, PHP
MySQL, MongoDB
Selenium, Playwright, QA Automation
Machine Learning, Deep Learning,
TensorFlow, Scikit-learn
Linux, Ubuntu
MS Office, LaTeX

SOFT SKILLS

Problem-solving
Communication
Teamwork
Time management
Adaptability
Leadership

PROJECTS

LearnEase Digital Education Platform

Designed a web application for online classes and exams

Automated Resume Filtering System

Built a web app using HTML, CSS, and JavaScript to filter resumes based on predefined criteria, with MongoDB for storage.

PROFILE

Skilled and highly motivated Information Technology student with hands-on experience in machine learning, deep learning, and cloud computing. Passionate about leveraging technology to solve complex problems and drive innovation. Committed to continuous learning and eager to take on challenges in AI, software development, and emerging technologies

EDUCATION

Computer Science Engineering

2021-2025

Vignan's University Guntur Andhra Pradesh
India

Gained knowledge in programming, data structures, software engineering, machine learning, and cloud computing. Completed hands-on projects and research in AI.

Higher Secondary Education (XII)

Sri Chaitanya Junior College

2020-2021

Studied Mathematics, Physics, and Chemistry with a strong focus on analytical and problem-solving skills.

COURSES & CERTIFICATIONS

NPTEL Affective Computing

2023

Gained in-depth understanding of emotional intelligence in AI systems, including affective computing models and their applications in real-world scenarios.

Software Testing

2023

Acquired expertise in various software testing methodologies, focusing on ensuring quality through both manual and automated testing.

Principles Of Management

2023

Acquired foundational knowledge in organizational behavior, leadership, strategic planning, and decision-making processes.

Research Paper:- Enhancing Alzheimer's Disease Prediction through Deep Learning Models

2024

Conducted research on applying deep learning techniques for early and accurate prediction of Alzheimer's disease.

Navigating Cloud Computing with Amazon Web Services (AWS)

2024

Developed proficiency in utilizing AWS services, including EC2, S3, RDS, and Lambda, for building, deploying, and managing scalable cloud solutions.

SHAIK MUSKAN FIRDOS

SOFTWARE ENGINEER

INTERNSHIP

Artificial Intelligence, Acmegrade

Applied machine learning algorithms and AI techniques to real-world problems.

QA Automation Engineer, Quixy

Gained hands-on experience in automation testing and script development.

LANGUAGES

English(Fluent)

Hindi(Fluent)

Telugu (Native) ,

Urdu(Fluent)

EXTRACURRICULAR ACTIVITIES

Participated in Mathribhasha Diwas as a Performer

2022

Showcased cultural talent and contributed to the celebration of linguistic diversity through performance.

Participated in Srujanankura 2023, a Tech Festival Organized by VFSTR

2023

Engaged in tech-related events, gaining exposure to innovation and networking opportunities within the tech community.

Participated in Mahotsav as a Basketball Coordinator

2024

Led coordination efforts for basketball events, ensuring smooth organization and team management during the festival.
